Neighborhood Ambassador

**Are you passionate about recycling and ready to share your knowledge with others?
Join us as a Neighborhood Ambassador volunteer!**

Since April 2021, our goal has been to change the way people think about “things” and provide a place where almost anything can be recycled or reused. Through this new initiative, we will be able to expand our recycling footprint into more communities across Greater Cincinnati, Northern Kentucky, and Southeast Indiana. For Neighborhood Ambassador volunteers, the Hub is looking for well-connected, knowledgeable and dedicated volunteers to:

- Promote the Hub’s recycling and reuse services to their neighbors on social media and at community events
- Answer FAQs about curbside recycling (Rumpke) and FAQs about items accepted by the Hub
- Share updates on what is accepted by the Hub for recycling and reuse and other important information
- Assist with recycling collection events in your own neighborhood
- Recruit others to volunteer and become a Neighborhood Ambassador in their community!

What’s Needed to Become a Neighborhood Ambassador?

- At least 10 hours of volunteer experience at the Hub
- Attend Neighborhood Ambassador training - provided by the Hub
- Understand what is accepted by the Hub for recycling and reuse
- Attend a Lunch & Learn event at Rumpke Recycling to understand what is accepted through curbside recycling
- Be well-connected to other individuals in your community, easily share info (via social media), and answer questions promptly

If you are interested in becoming a Neighborhood Ambassador volunteer in your neighborhood or have questions about this program, please contact Brittany Gray at **offsiteevents@cintirrh.org**
